

Hull Municipal Light Plant

Regular Residential Service

MDPU # 41

Replaces MDPU # 31

AVAILABILITY

Electricity is available under this schedule for all residential purposes in an individual residence or an individual apartment. Electricity is also available hereunder for farm use.

Service under this tariff schedule is not available for resale.

COST OF SERVICE

The monthly charges for service shall be:

Customer Charge: \$6.44 per month.

Distribution Energy Charge: \$0.050 per kWh.

Purchased Power Charge: As per MDPU #40

PROMPT PAYMENT DISCOUNT

The Customer Charge and Distribution Energy Charge will be subject to a discount of ten percent (10%) if payment is made within fifteen (15) days from the date of the bill, provided there is no bill in arrears.

PASNY CREDIT

Customers served under this tariff are entitled to receive a credit for PASNY power delivered to them under a contract with the Massachusetts Department of Public Utilities. PASNY power is Federal Preference Power received from hydroelectric projects in upstate New York at below the wholesale market cost of power.

FARM DISCOUNT

Those accounts certified eligible through the Massachusetts Department of Food and Agriculture will receive an additional ten percent (10%) discount.

MINIMUM CHARGE

The minimum charge shall be the customer charge.

TERM OF CONTRACT

Service may be terminated at any time upon at least 24 hours' notice to the Light Plant during normal business hours.

TERMS AND CONDITIONS

The Light Plant's Terms and Conditions in effect from time to time, where not inconsistent with any specific provisions hereof, are a part of this schedule.

Hull Municipal Light Plant

Small Power Rate

MDPU #44

Replaces MDPU # 34

AVAILABILITY

Electricity is available under this schedule for all general service purposes to any single-phase customer with less than 10 kW of demand. If electricity is delivered under this schedule at a specific location, through more than one meter, the COST OF SERVICE shall be computed separately for the electricity delivered through each meter, unless such multiple metering is for the Light Plant's convenience.

Service under this tariff schedule is not available for resale.

COST OF SERVICE

The monthly charges for service shall be:

Customer Charge: \$8.59 per month.

Distribution Energy Charge: \$0.0467 per kWh

PROMPT PAYMENT DISCOUNT

The Customer Charge and Distribution Energy Charge will be subject to a discount of ten percent (10%) if payment is made within fifteen (15) days from the date of the bill, provided there is no bill in arrears.

FARM DISCOUNT

Those accounts certified eligible through the Massachusetts Department of Food and Agriculture will receive an additional ten percent (10%) discount.

MINIMUM CHARGE

The minimum charge shall be the customer charge.

LATE PAYMENT PENALTY

On accounts twenty-five (25) or more days in arrears, a service charge of one and one-half percent (1.5%) per month will be assessed at the beginning of each month on the gross balance outstanding at the end of the previous month. No discount will be available if any such service charge has been assessed.

TERM OF CONTRACT

Service may be terminated at any time upon at least 24 hours notice to the Light Plant during normal business hours.

TERMS AND CONDITIONS

The Light Plant's Terms and Conditions in effect from time to time, where not inconsistent with any specific provisions hereof, are a part of this schedule.

Hull Municipal Light Plant

Large Power Rate

MDPU #

Replaces MDPU # 24

AVAILABILITY

Electricity is available under this schedule for all purposes to any customer with greater than 10 kW of demand or for any three-phase customer. If electricity is delivered under this schedule at a specific location, through more than one meter, the COST OF SERVICE shall be computed separately for the electricity delivered through each meter, unless such multiple metering is for the Light Plant's convenience.

If any electricity is delivered under this schedule at a specific location, then all electricity delivered by the Light Plant at such location shall be billed under this schedule.

Service under this tariff schedule is not available for resale.

COST OF SERVICE

The monthly charges for service shall be:

Customer Charge: \$75.17 per month.

Distribution Demand Charge: \$13.55

Purchased Power Charge: As per MDPU #40

PROMPT PAYMENT DISCOUNT

The Customer Charge and Distribution Energy Charge will be subject to a discount of ten percent (10%) if payment is made within fifteen (15) days from the date of the bill, provided there is no bill in arrears.

MINIMUM CHARGE

The minimum charge shall be the customer charge.

LATE PAYMENT PENALTY

On accounts twenty-five (25) or more days in arrears, a service charge of one and one-half percent (1.5%) per month will be assessed at the beginning of each month on the gross balance outstanding at the end of the previous month. No discount will be available if any such service charge has been assessed.

TERM OF CONTRACT

Service may be terminated at any time upon at least 24 hours' notice to the Light Plant during normal business hours.

TERMS AND CONDITIONS

The Light Plant's Terms and Conditions in effect from time to time, where not inconsistent with any specific provisions hereof, are a part of this schedule.

Hull Municipal Light Plant

Purchased Power Charge

MDPU #40

APPLICABLE TO:

All filed rate schedules referencing this clause.

RATE CHARGES :

The object of the PPC clause is to recover the total cost of power supply including losses.

The "total cost of power supply" is defined as the sum of the fixed and variable costs of power (including fuel and pool interchange net costs), and the cost of transmission of electricity by others, recorded in the FERC Uniform System of Accounts under account numbers; 555 Purchased Power; 557 Other Purchased Power; and 565 Transmission of Electricity by Others.

There shall be added to each monthly bill, for each schedule, an amount equal to the total kWh billed during the month multiplied by the Purchased Power Charge determined as follows:

$$PPC = A + C$$

Where:

PPC = Purchased Power Charge

- A = Estimated average cost of purchased power for the calendar year per kilowatt-hour sold as forecast by the Light Plant, net of charges or credits for ISO interchange, plus the total savings credited to Residential customers under the PASNY Power Credit Clause.
- C = Adjustment for past differentials between purchased power cost incurred and Power Cost Adjustment revenues collected.
