

ARE YOU OK?? Or RUOK?

Has a new face **"Safety Assurance for Independent Living"**

This is a FREE service provided by the Plymouth County Sheriff's Department.

This service helps promote independent living, enhances your security, and improves quality of life.

A phone call once a day is offered to seniors, disabled, or patients just out of the hospital.

This is a security call when a person has no one else or doesn't want to ask others. They just call to say "Are you OK?" You can apply permanently or on a temporary basis.
