

On Saturday, July 28th, Home Base, a Red Sox Foundation and Massachusetts General Hospital Program and the Boston Red Sox will honor the surviving families of fallen Service Members and Veterans with a special tribute at the 9th annual *Run to Home Base presented by New Balance* charity race and during the on-field pre-game ceremony of the Boston Red Sox vs. Minnesota Twins game that evening.

Details for Saturday, July 28, 2018

Run to Home Base presented by New Balance: This signature fundraiser for Home Base is a 9K run and 5K run/walk that begins at Fenway Park and ends with a home plate finish inside the ballpark. Opening ceremonies begin at 7:15 AM where we will recognize and honor the sacrifice of families of the fallen, to include those who have lost a loved one by suicide. Proceeds from this race will directly support Home Base's mission to heal the invisible wounds for Veterans, Service Members and their Families. Funds raised at the Run will benefit these critical services as well as fund the overall treatment plans available to each member of a military family, regardless of when or how their loved one passed.

Red Sox vs. Minnesota Twins Pre-Game Ceremony: The Red Sox will honor families of the fallen with a special tribute on the field before the Red Sox game that will include senior military and civilian leaders. Please join us for a day of remembrance and gratitude at Fenway.

If you are a surviving family member of a Service Member or Veteran and would like to join us for these two special events, please complete the attached application.

About Home Base: Home Base, Red Sox Foundation and Massachusetts General Hospital Program, is dedicated to healing the Invisible Wounds for Veterans, Service Members and their Families through world-class clinical care, wellness, education and research. Home Base operates the first and largest private-sector clinic in the nation devoted to healing Invisible Wounds such as post-traumatic stress disorder, traumatic brain injury, anxiety, depression, co-occurring substance use disorder, military sexual trauma, family relationship challenges and other issues associated with military service. Since its inception, Home Base has served more than 15,000 Veterans and Family Members with care and support, trained more than 55,000 clinicians, educators and community members nationally and remains at the forefront of discovering new treatments-- ensuring a brighter future for the 21st century Warrior and Military Family. For more information please visit www.homebase.org.
