

Meeting Date/Time: October 15, 2020 6:00 PM

Meeting Location: Go to meeting

Meeting Attendees:

- Greg Grey
- Gary Twombly
- Anne Marie Dunn
- Michelle Leary
- Ed Whelan
- Bill Smith
- Donna Purcel

Kenberma Project: Grey updates on progress. The Town is currently waiting on a fence sample before it can proceed with the project. Grey explains there will be a retractable rope to divide the pickle ball courts. Smith asks if bleachers can be placed by the grass as a waiting area?

Tennis backboard: Smith presents his idea for a backboard at the N St courts. This backboard would be approximately 8x16, (4) 4x4 sections. He believes the cost is approximately \$4-\$5k, if installed by DPW. Whelan asks Smith to send a product link for the Commission to review. Dunn expresses concerns regarding the backboard being used for the uses intended. No vote taken.

Bike repair stations: Purcel presents idea to install three bike repair stations throughout town. Areas sited are, Gunrock, Pemberton, and Kenberma. The set-up requires a 6' tall stainless pole in which the supplies will tether to. Each unit cost is approximately \$1,213.00. Whelan and Grey want to make sure a specific location is identified. Twombly asks Purcel to speak with DPW to discuss the maintenance of the units. No votes taken.

Grey indicates the Commission needs to set a policy for naming courts and playgrounds in town.

Motion to adjourn- Adjourn by Grey, second by Twombly, *unanimous*
