

MESSAGE FROM ATTORNEY GENERAL MAURA HEALEY REGARDING NEW WEBSITE FOR FRONTLINE WORKERS

AG Healey announced the creation of a new website - [Frontlinema.org](https://frontlinema.org) - for our frontline heroes. This website was created in response to the urgent need for centralized information for frontline workers, including personal protective equipment (PPE), prioritized testing, safe housing, meals, self-care and emergency child care. It also invites the public to help by offering messages of support, buying meals for frontline workers, helping to provide a safe place for workers to stay between shifts, and ways to donate PPE.
