**BUILDING DEPARTMENT
253 ATLANTIC AVE
HULL, MASSACHUSETTS 02045
TEL: (781) 925-1330
FAX: (781) 925-2228**

Notice of Building Department Operations during Health Emergency.

We are accepting permit applications by e-mail, regular mail or drop box.

Applications for Building, Plumbing, Gas and Electric Permits can be found on the Town of Hull Website. Click on Building Department, click on Forms and find the application needed.

You will need to provide a copy of the appropriate license(s), depending on the type permit requested. Home Improvement Contractor and Construction Supervisors licenses are required with all building permit applications unless you are filing an application as a homeowner.

Electrical, Plumbing/Gasfitters Licenses need to be submitted with your application (s).

Supporting documentation should be included with your permit application. Building Permits for additions, decks, accessory structures and vertical expansions should include a site plan(s) showing existing conditions and proposed conditions including existing and proposed setbacks and lot coverage. Proposed building plans including existing and proposed floor plans, structural drawings, footing and foundation specs etc. You can scan your application and supporting documents and e-mail them to Bjkelly@town.hull.ma.us or you can drop an envelope containing your application and supporting documents in the drop box in front of Town Hall @ 253 Atlantic Ave, Hull, MA. Someone from the building department will contact you regarding payment and issuance of your permit(s).

If you need an inspection you can call the building department @ 781-925-1330 and schedule an inspection, we will be inquiring to see if the building or dwelling is occupied or not, and some inspections may be delayed until the Health Emergency has been lifted.
