

# DEPARTMENT OF PUBLIC WORKS

# Introduction

- My name is Christopher Gardner and I am the Director of Public Works for the Town of Hull.
- This presentation is being given to provide you with a summary of the major functions of the Department and some of our accomplishments.

# Our Mission Statement

The Primary function of the Department of Public Works is to provide Municipal services to the Residents, Businesses and Visitors of our coastal town of Hull. Our services include the General Maintenance and Improvements of Roadways and Storm water Drainage, as well as Snow and Ice Removal. We also Maintain several Parks, Ball fields, Beaches, Public areas and the Village Cemetery. We strive to Deliver Exceptional services, Safety and Cost effectiveness to our town and its residents.

# What We Do

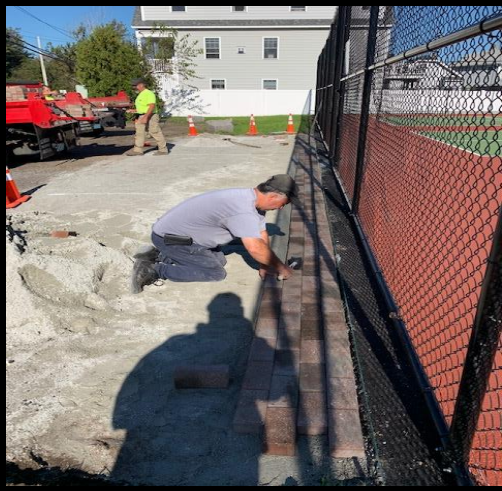

- Treating or Plowing roadways for Snow events. Barricading roadways for flooding areas
- Sand Bags
- Parks Maintenance and Trash barrels
- Cemetery mowing and perpetual care
- Beach Clean ups and Seaweed push back
- Named Street signs and Veteran memorial signs
- Roadway Maintenance, Street Sweeping, Pot holes, Berms
- Storm water basin repair, rebuilds and maintenance
- Emergency and Scheduled Tree trimming
- Dune Repair and Beach openings, Stair cases and Barricades. Beach fence installs/Repairs in most Dune openings

# Department Summary

Our Department is called upon for various duties to be performed at the request of The Police or Residents. These calls range from, Roadway debris, Beach clean ups and Seasonal closures. The Removal of Town Beach staircases and closures of all Bay and Beach access areas. In the event of storms we Treat Icy areas with Salt or Plow roadways, and we keep a pre made stock of Sand Bags for the residents to take at their need. We maintain storm water drainage basins and roadways that may need repair or maintenance. Other calls consist of Parks, Town Beaches, Cemetery maintenance and Trash that needs to be addressed. The DPW also addresses Tree work throughout the town on Emergency and Preventative basis and Work along side with our Light Department to achieve these requests/issues.

We have a rotating after hours On Call to provide services on a Emergency basis for Snow, downed trees or such.

**Sidewalk repairs and Finishing touches @ New Pickle Ball courts.**

**Dune Build @ Beach ave and A st., New MOBI mats and Beach fence repair and Maintenance**

**Drainage Repairs and  
Erosion control.**

Parks Maintenance Hull War Memorial and Lst Ball Fields and Little Library @ Village Playground

The previous slides are just some of the Great work done by our crew trying to make a difference in Town and taking care of the needs in Town.

# In Closing

I would like to thank all the guys for their hard work meeting and exceeding the needs and wants of the town. After a tough year and a half we have stayed healthy, working and available through the tough times. We will continue to combat any challenges and make adjustments as we go to ensure our residents and staff are happy. I would also like to thank our Town Manager and Select Board for providing us with the needs to keep this town Safe and Beautiful.

Thank You everyone, and have a Great Day!
