Mariners Park: Short presents a design idea for Mariners Park. She would like it to be a welcoming place where people can gather. Her design elements include 16 Adirondack chairs and approximately 4 72" tables. The cost of the Adirondack chairs is approximately \$894 (four chairs) and \$1700 per table. All would need assembly. Many questions from Commission members including, storage, maintenance, type of use and future costs. Grey recommended short obtain three quotes for the project to comply with local procurement laws. Mann asks if toilets and trash bins are part of this proposal? Short will investigate those items. Commission unanimously agrees with the concept and strongly urges Short to go before CPC and BOS.

Hingham-Hull Babe Ruth: Looking for approval of five fall ball days 11-2. Commission has no objections as long as all CDC and Public Health guidelines are met. Leary makes a motion to allow the play as long as CDC and Public Health guidelines are met. Second by Whelan, unanimous vote.

Motion to adjourn- Adjourn by Whelan, second by Grey, *unanimous*
