

## **BROADCASTING/TAPING OF SCHOOL COMMITTEE MEETINGS**

Through the facilities of public television, the School Committee seeks to meet the needs of the community and to better educate citizens about the schools by televising School Committee meetings whenever possible.

Photographic and electronic audio and video broadcasting and recording devices may be used at regular and special School Committee meetings legally open to the public according to the following guidelines:

1. Photographs, broadcasting, and recordings of meetings are permitted only when all parties involved have been informed that cameras, broadcasting, and/or recording devices will be used; and
2. Persons operating cameras, broadcasting, and/or recording devices must do so with a minimum of disruption to those present at the meeting. Specifically, the view between Committee members and the audience must not be obstructed, interviews must not be conducted during the meeting, and no commentary is to be given.

The Hull Public Schools will also utilize the facilities of cable television in interpreting and promoting its various programs.
