

BUDGET ADOPTION PROCEDURES

The budget will be made available to the press and public at a time that the School Committee deems appropriate. It is the intent of the School Committee to have the budget information disseminated via the press, so the public may review it at least one week prior to any public hearing.

The annual budget will be adopted by a majority vote of voters present and voting at the Annual Town Meeting.

Voters of Hull at the Annual Town Meeting officially act upon the school budget.

The Annual Town Meeting can neither increase nor decrease individual line items of the school budget as adopted and presented by the School Committee.
