

Internship- Hull Department Of Public Works

Mike Chaney

4-25-11

What I do

- My internship is with Hull Department of Public Works.
- During a normal day I do a variety of tasks that help keep the towns roads maintained and certain systems functioning properly.

Tasks

- Day to day the work I am doing changes giving me a wider variety of things I can learn about and how to do.
- For example over the past few months I have learned about:

- Operating Machinery
- Catch Basin Care and maintenance
 - Proper Equipment Care
 - Beach and Dune Repair
 - Cemetery Maintenance
 - Snow Removal

Daily Routine

- Most of the days I start out with a list of small jobs that need to be taken care of such as areas that need to be cleaned or debris that need to be removed.
- After, typically I will contact my foreman and find out what I will be doing for the day and what needs to get done

Certifications

- Currently I have a CDL Class B permit which allows me to operate trucks that have air brakes and weight over 26,001lbs in the presence of a licensed operator.
- I am currently working on achieving my Hoisting License which will certify me to operate Loaders and excavating equipment as well as the Catch Basin Cleaner.

Title and Responsibilities

Hull Department of Public Works

Laborer

1. Clean, maintain and repair roadways, sidewalks, Catch basins and more.
2. Cemetery Maintenance and Care
3. Inspect and Maintain equipment used

What's to come

- So far I have learned the ups and downs of working for Hull DPW and the benefits of it also
- Currently I am planning on attending college in hopes of achieving a degree in Municipal Management.
