RE: December 2008 Monthly Operating Report

Dear Mr. Petrilak:

Attached is the Aquarion Operating Services Company, December 2008, Monthly Operating Report illustrating operations and maintenance activities at the Hull WPCF wastewater treatment facilities and the collection system. This report demonstrates activities performed during the period December 1 to December 31, 2008.

December's overall performance was very good. There was one violation of the NPDES Permit. Flow was diverted at Station 9 during a rain event on December 12, 2008

We welcome any comments or suggestions for improving this report

Very truly yours,

Pete Nyberg
