## AGENDA

- Review/approve minutes of last meeting
- Update on Committee goals/projects taken from 2022 annual report to town, and requesting joint meetings with the select board and the light plant board
- Update from Brianna Bennett
- Hull2030.com update
- Planning our next annual stakeholder survey
- Hull Times monthly article update. Potential topics for June to discuss:
  - 1) Climate Action Plan and Climate Resiliency and Hazard mitigation process work behind the scenes. Brianna said the town may want to do Hazard mitigation plan first then Climate Action. Rick agrees with Brianna. Help sort out what we are talking about. What is mitigation. Lucinda said it would be good to let folks know there is work going on in both areas and that other towns have these plans
  - 2) EVs maybe later this summer. Maybe incentives for leasing a car. More people are asking for information. JD Kaplan is available to help.
  - 3) Judeth – She said some predictions about sea level are as high as 10 ft by 2060 and suggested an article about Solar Personal Rapid Transit (she can do this as an individual rather than from committee)
- Discussion of our 2030 goal, and strategies to incentivize Hull residents to move towards this goal (clean energy subsidies, grants, etc.)
- New business
- Old business
- Schedule next CECAC meeting
