

**THE TOWN OF HULL  
BOARD OF ASSESSORS**

**781-925-2205**

**Please call the Assessors Office to schedule an appointment  
for an interior inspection of your property**

The Assessors Office will be continuing the town wide property evaluations to comply with the mandatory re-certification of all property values as required by the Department of Revenue. The evaluation consists of an interior and exterior review of the property to assure that all information on file with the Assessors Office is current and accurate. A staff member from our revaluation company (Patriot Properties) will be out to visit your complex within the next month. A card will be left notifying you that someone from this office was there and was unable to complete an inspection. Feel free to call and schedule a more convenient appointment. The inspection will only take about 10 minutes to complete.

All staff members from Patriot Properties will have on their person visible identification at all times.

Thank you for your continuing cooperation with this effort.

**Inspection Hours: Mon-Wed 9:00-2:00**
